

## REFLECTIONS ON A PASTOR'S APPROACH TO SPIRITUAL FORMATION

1. What is spiritual formation?
2. How do we fit spiritual transformation into our busy and strained lifestyle when SG meetings, work and family-life are chewing away our time and energy?
3. The recovery of our passion in ministry begins with the recovery of our true self in Christ as His beloved. Why is this important?
4. We may be invited differently, but we are all wanted by Jesus to be His beloved. Why is this identity critical to the core formation of our spirituality?
5. Jesus wants to establish and maintain His relationship with us on the basis of a deep and personal interaction. How are we becoming more deeply and intimately acquainted with Christ?
6. How does one establish the pre-eminence of Christ in the Christian community?
7. How do we become His contemplative pastors in our being as leaders and members of our SG ministry?
8. We are never nearer to the core of our spiritual formation than when we seek to personalize what it means: "To be living in Christ and to have Christ living in us" How do we apply "Christ in you, the hope of glory." (Colossians 1:27b) in our lives as leaders and members of SG ministry?
